Is there any better reason to choose Shaklee products?

# Is there any better reason to choose Shaklee Products?

Shaklee products are unique ...

Shaklee shampoos, conditioners, vitamins, handy wipes and children's vitamins, DO NOT contain formaldehyde or other toxic chemicals.

Here's a brief list of the toxic chemicals you will NEVER find in a Shaklee product:

no naphthalene	no benzene
no kerosene	no ammonia
no formaldehyde	no paradichlorobenzene
no phenol	no sodium hydroxide
no creosol	no butyl cellosolve
no lye	no phosphoric acid
no hydrochloric acid	no chlorine
no sulfuric acid	no phosphates
no petroleum distillates	no nitrates
	no borates

There is NO animal testing!

They are biodegradable!

You can be sure the safety and HEALTH of your family is Shaklee's goal!
